

THE STRATEGY

We open what Bazis can't reach.

4,850 mobile-first workshops in Uzbekistan, served by no enterprise CAD on earth.

CHALLENGE

95%

Bazis market share

TARGET

4,850

mobile-first shops

RETURN

11x

projected on \$30K

THE CHALLENGE

95%

Bazis owns Uzbek furniture CAD.

\$2K

PER MODULE

\$20K+

FULL INSTALL

5+ DAYS

OF TRAINING

FACTORY

TIER ONLY

OUR WEDGE

A different category.

We're not building a cheaper Bazis. We open a market they can't enter.

4,850

mobile-first shops

underserved by every enterprise CAD

\$12/mo

per shop ARPU

From \$20K install down to \$12/mo

5 mins

setup to first export

vs days of Bazis training

THE WEDGE

SWJ008.

The only API that speaks to **80%** of small-shop CNC drilling machines in Uzbekistan.

MOAT THAT COMPOUNDS

Mobile + SWJ008 + 114 supplier SKUs + sticker traceability

Reverse-engineered. Universal. \$0 failure cost.

THE PATH

From Uzbekistan to the region.

7,500 shops in Uzbekistan. **30,000+** across CIS within 5 years.

Romchi proved this playbook: \$30K MRR today in the windows vertical, expanding into Kazakhstan.

THE ASK

\$30,000

For one CNC drilling machine. You own the asset.

\$9.6K returned via lease. 2% advisor equity, milestone-vested.

PROJECTED RETURN

11x

\$325K total · ~\$10–15K net at-risk
